Although we wear business/class attire for most Leadership Cobb programs, dress is casual for the entire Retreat. The activities will take place both indoors and out, and a few will be somewhat physical in nature. We will be in the mountains during a transitional weather time. In other words, it could be hot and muggy or it could be very cool and rainy. Both men and women will probably want to wear jeans, khakis, shorts or athleisure throughout the Retreat. Prepare accordingly!
