Q14 If you could improve any part of this program for next year, what would you change and why?

Answered: 10 Skipped: 0

| # | RESPONSES | DATE |
|----|--|---------------------|
| 1 | More time for the keynote speaker at the beginning of the day | 1/5/2026 8:01 PM |
| 2 | I'd love a student panel moderated by CITA. | 12/18/2025 5:35 PM |
| 3 | Since we were at Chatt Tech, it seems there could have been an opportunity to hear about all they offer and how they prepare students for workforce. | 12/14/2025 5:18 PM |
| 4 | I think this day was very well organized so there is nothing I would improve. | 12/14/2025 1:41 PM |
| 5 | Nothing | 12/12/2025 7:17 PM |
| 6 | I'll make a plug for independent school education to be included. I appreciate the public focus of the program, and I also believe that independent schools fill an important niche in Cobb County. Whether it is a high end academic school like Walker, a faith based school, a school for students with learning differences, or one of the many other options, independent schools play an important role. I have a strong bias in this area, but I think that education around independent schools would be compelling. | 12/12/2025 3:03 PM |
| 7 | The first presentation was interesting but a little difficult to follow in terms its direct application to the education. It was also a significant amount of data presented in a very short period of time. | 12/12/2025 11:25 AM |
| 8 | n/a | 12/12/2025 9:46 AM |
| 9 | Might need to make the panel with Braves, Tommy Nobis and the other gentlemen a little more lively. | 12/11/2025 6:29 PM |
| 10 | The first presentation was so data driven with little context.. he spoke as if we all knew what he was talking about. | 12/11/2025 5:35 PM |
